## INTRODUCTION

**PLAN 4 SA (Pty) Ltd** was established in December 2015 by Martin Jonker. The founder's passion for people provides the framework for the company's professional consulting service that focuses on the sustainable development and growth of people and places.

## OUR VISION

A vision is a short description that represents where a company is going. It thus guides the company to a certain identified future state.

**PLAN 4 SA**' vision is *"to be the leading opportunity creator in Southern Africa"*.

The company wishes to contribute to growth and development through employment of an entrepreneurial mind-set in all its service offerings. The importance of entrepreneurship in the future growth and development of Southern Africa cannot be underestimated and the company therefore wishes to put a special emphasis on the empowerment and creation of opportunities for young professionals.

## OUR SLOGAN

Our vision has inspired our company's slogan:

*"Creating Opportunities"*

## OUR MISSION

A mission describes a company's current business and purpose. It indicates who we are, what we do and why we are here. The company's mission is:

*"As a Professional Planning Practice, **PLAN 4 SA** aims to add value and make a difference by integrating people, movement, opportunities and place to develop and grow sustainably in time and space"*.

## OUR VALUES

Our values are:

- Develop, Grow & Sustain
- Honesty, Integrity & Respect
- Knowledge, Understanding & Wisdom
- Faith, Hope & Love

We aim to **develop, grow** and **sustain** people and places. **Honesty, integrity and respect** are key elements in building and maintaining relationships with people.

We continuously strive to improve our **knowledge, understanding** and **wisdom**, whilst **faith, hope** and **love** are the cornerstones upon which our legacy is being built.

## PROFESSIONAL SERVICES OFFERED

Together, the company's Directors offer more than 30-years of comprehensive knowledge, skills and experience from working in multi-disciplinary environments in both the public and private sectors and in the Transport Planning, Town Planning, Business Planning and Project Management disciplines. This has enhanced the overall competency and proficiency of the company's professionals and has added a competitive advantage to their managerial, project management and other professional skills.

**PLAN 4 SA** offer professional services with a strong focus on integration which includes the following:

- Town & Regional Planning
- Transportation Planning
- Business Planning & Development
- Project Management

## B-BBEE

**PLAN 4 SA** believes in the growth and development of all people and fully support the employment equity objectives of the South African Government. **PLAN 4 SA** is currently a **level 2 EME** contributor with **52% Black Shareholding**.
